

Micro-treatment plant activator

Powder

Micro-treatment plants

- ✓ Absorbs fats and grease, prevents odours and blockages
- ✓ Start-up, maintenance or reactivation, 6 months per tub
- ✓ 1 dose/week in the evening (blockage: dilute the tub in a bucket of warm water)

FEATURES

High-performance biological* activator for optimizing, starting up or reactivating your micro-treatment plant. Absorbs grease, eliminates odours and prevents blockages thanks to a selected complex of enzymes and bacteria.

INSTRUCTIONS FOR USE

- ✓ Mix the weekly dose in a glass of warm water and pour into the sink, preferably at the end of the day.
- ✓ Leave overnight. Avoid running boiling water in the following hours.
- ✓ Dosage (weekly): 1 to 4 people = 1 dose. Over 4 people = 2 doses.
- ✓ In case of blockage: dilute the entire contents of the tub in a bucket of warm water and pour directly into the micro-treatment plant.

RECOMMENDATIONS

- ✓ Safe for drains and plumbing.
- ✓ Keep out of reach of children.

* The product or its components are not derived from organic farming. The term 'bio' or 'biological' refers to enzymes derived from microbiological organisms.
